Whatever reason you have to learn Dutch we can offer you the perfect way to acquire the language skills you need!

Our courses are given by native speakers with lots of experience in adult education and teaching Dutch as a foreign language. We offer group classes as well as one to one tutoring on three levels: 'Beginner', 'Intermediate' and 'Advanced'.

By the way: you'll be having a good time too; our classes are very relaxed and we are sure you will enjoy them.

About our teaching levels:

level 1: beginner :

no prior courses in Dutch, nor other experience with Dutch language.

level 2: intermediate :

you followed a course basic Dutch or you acquired enough knowledge of the language to participate in simple conversations. You can express yourself in the present tense while using more complex structured sentences (omdat, als, terwijl,...). You are ready to start with the use of the past tenses and expand your vocabulary in a wider range of topics.

level 3: advanced

you can express yourself in little more complex conversations; tell others about your home and family, about your job or hobby.

Levels 1 and 2 aim at A2 level of the common European framework of reference for languages. Level 3 aims to improve your language skills to B1 or higher and offers practice towards more proficient users.
